

Sundarraj C

Full Stack Developer | Computer Science Engineering Student

📞 9092856057 @ raj14032005@gmail.com 📍 velachery,chennai

SUMMARY

Motivated Computer Science student seeking a Full Stack Developer role. Skilled in Python, JavaScript, React, Django, and MySQL with hands-on experience in building web applications and IoT-based projects.

EDUCATION

B.E. Computer Science and Engineering

Mailam Engineering College, Villupuram

📅 2022 - 2026

%
83.3 / 100.0

HSC (Bio Maths)

Kuyilappalayam Higher Secondary School

📅 2022

%
82.6 / 100.0

SSLC

Poncos Higher Secondary School

📅 2020

%
71.4 / 100.0

SKILLS

Languages

Python, JavaScript

Web Development

HTML5 CSS3 Bootstrap React.js Django

Databases

MySQL

Tools & Concepts

Git GitHub Visual Studio Code

PROJECTS

IoT Based Smart City Traffic Management

- Designed an IoT-based system to reduce traffic congestion
- Used sensors and real-time data for smart signal control

MEC Notes Sharing Hub

- Developed a student notes sharing platform.
- Enabled upload/download of academic materials.
- Organized by department and semester.

BMI Calculator

- Built using HTML, CSS, JavaScript.
- Calculates BMI and shows category.
- Fully responsive UI.

TRAINING / COURSES

Workshop: Computer Vision

Value Added Course
